3. Seepolizei base at Peenemunde

The Peenemunde Seepolizei station is still under construction and is unoccupied except for the Seepolizei builders. Bau-Union Nord, Stralsund, who are responsible for this work, have recently taken on 300 skilled hands (Spezialarbeiter) from Dresden for work on this site, bringing the total labor force up to over 1,000 men.

4. Seepolizei - minesweeping

Four of the Seepolizei boats put to sea a few weeks ago, and are reported to have been engaged on minesweeping exercises between Sassnitz and Wismar.
